

## Going Paperless

March 21, 2019

Insular Life's efforts to go digital is also in line with its mandate of going paperless. These include the recent introduction of Insular Life's products in Lazada, issuance of e-policies, and launch of the new group portal.

Insular Life, the pioneering and largest Filipino life insurance company, recently launched affordable and complete life protection plans via Lazada, the leading e-commerce platform in Southeast Asia.

Four easy-to-avail and easy-on-the-pocket plans are now available online.

Insular Life has started rolling out electronic insurance policies (e-policies) for its new clients.

New clients with valid e-mail addresses will be able to access and review an advanced copy of their approved insurance contract in the customer portal, even before the agent delivers the printed policy to them.

Insular Life now issues e-policies

## Group Portal

The Inlife Group Portal is part of Insular Life's commitment to finding innovative and creative ways of delivering service to its customers.
